Hello!

In your hands you hold the first issue of the school magazine "The Originals 11". Our magazine will be published four times a year and we hope you will always enjoy reading it. In the very first issue you are going to read about the most important news from our school and town. This section is called "Our school and town" and we hope it won't be the only part you'll enjoy. We are sure that you will also like sections called "Entertainment", "Sport", "Life in England and the USA" and many others.

For entertainment you can look forward to articles such as "Dogs, Our Best Friends", "Great Games to Play", "From our recipe book" and serialized comic strip "Nerd". You can look forward to various Christmas competitions and articles. Among them are: "The Best Christmas Fairytale Ever" - a fairytale written by our skilful journalists, or "What do we really wish to find under the Christmas tree" - survey done among the students and teachers of our school.

We hope you will enjoy this issue and that you will also join us to create and improve the following parts of our magazine. We need all of you, your help, advice and support. With this first issue we also want to wish you **Merry Christmas and Happy New Year!!!**

Halloween is a holiday celebrated in many English speaking countries like England, the USA and Australia. It is celebrated on October 31st. The origins of Halloween are connected with people whom we called Celts. They lived in Europe 2000 years ago. The Celts celebrated 1st November as the end of the summer and they believed that one day before on 31st October dead people visited the living ones. Since that time, people have started to dress up as ghosts so the dead would not harm them.

Nowadays, Halloween is very popular in the whole world especially among children who wear costumes and go from home to home saying "Trick or Treat" thus asking for candies. But it is not only children who dress up. It is very popular even among adults who usually organize parties on 31st October. The most common costumes are: witches, vampires, werewolves and other scary things. The most well-known Halloween symbol is jack o' lantern which is a carved pumpkin with a candle inside.

Halloween does not have a long tradition in Czech Republic even though there are a lot of people who celebrate it nowadays. Most people here celebrate All Saints Day instead. All Saints Day is celebrated on November 1st and people usually light candles and put flowers on the cemetery.

Our stay in Morávka

Our trip was for pupils from the 6th grade and we spent it in Morávka from 17th to 19th September 2014. Our stay was great and we had a lot of fun. We had risotto for dinner when we arrived and I enjoyed it a lot because it was delicious. The accommodations were quite comfortable. There people shared one room. We woke up at 7 o'clock every day which was quite early but we were always excited about the next day so we did not mind. We always brushed our teeth and washed up, then we had a tasty breakfast. After our meal we had a programme prepared for us, which was both interesting and exhausting. This is why we were looking forward to lunch because we had a short, one hour break. Even though the programme was always great, we still enjoyed the evening activities more because we had dinner and then we could play games together. Via this article I would also like to thank to our teacher for participating with us. Among them: Mgr. Pyšková, Mgr. Butkovová, Mgr. Kuča. Mgr. Šnajdrová and Mgr. Střížová. Thanks to Mgr. Střížová, you can now read a short interview where she shared her impressions with us.

11: How did you like the stay?

RS: I liked it a lot. Hiking is my biggest passion.

11: What about pupils, were they good all the time?

RS: They were good most of the time.

11: How did you like the food?

RS: The food was great!

11: Would you like to return here?

RS: Yes, maybe in the future.

Hello people!

I would like to tell you about our school. Our school is painted green. We can do many activities, for example we can choose from volleyball, gymnastics, dancing and swimming. Almost everybody does some sport. We have a new library with a lot of nice books. In our school we also have a great buffet where we can buy a snack every day. Our school is involved in many activities like "Save a tree" or "Adopt a Bear". Our school is really pretty because it underwent a reconstruction and now we have a lot of classrooms with new equipment which is nice.

In this number we are going to write especially about sports, mainly gymnastics and handball.

My Town

Our city Frýdek- Místek has population of about 58 thousand people. Frýdek- Místek originally consisted of two cities: Místek which history dates back to the 13th century and Frýdek, the history of which is known since 14th century. Both parts were formally united in 1955. The river which flows through the city is called Ostravice. Despite the fact that I really like our city, I do not like that there are a lot of business centres. Frýdek - Místek is a bug city and that is why it has a very well thought out public transport system which includes trains and buses. The most important and famous landmarks are the castle as well as the Square with the fountain of St. Florian. The castle is from the 14th century and it was originally build in gothic style. Nowadays it is called Museum of Beskydy. It is important to also mention that there are a lot of sport opportunities in our city. Thanks to the surrounding landscape we can go surfing, yachting, fishing, play handball, volleyball, go swimming or climbing and many others. The city has numerous parts and suburbs, including for example Lískovec, Skalice, Růžový and others.

Michal Fuček

11: How old are you? Are you married?

MP: I'm 43 years old and I have my girlfriend Karla and I haven't got any children.

11: Do you have a car?

MP: Yes, I have Škoda Superb.

11: What are your plans after the elections?

MP: Our political party is going to build a new football playground.

11: What kinds of dogs do you like?

MP: I like big and strong dogs.

11: What do you like to do in your free time?

MP: I used to play in dulcimer band.

FRÝDA-Our shopping centre

Have you already been in Frýda? It is probably the most frequently asked question not only among the pupils but among the teachers as well. And that is also why "The Originals 11" decided to bring you brief information about this new cultural phenomenon of our time. The building of the shopping centre started in September 2013 and it was on November 13th 2014 that it was opened. Of course our journalists couldn't miss this big event as there were a lot of competitions for kids. The whole shopping centre offers you about 60 shops. Among them are 14 clothes shops, 2 shoe shops, and shops with electronics, jewellery, chemists, supermarket and many others. And if you perhaps get tired you can have a rest in 5D cinema or you can have a coffee or snack in one of the 6 restaurant which you can find in Frýda. And moreover if you get bored while drinking coffee or eating your lunch you can enjoy free Wi-Fi in the whole complex. So if you haven't been to Frýda yet we definitely recommend you to visit it because a lot of events are going to take place there in December. And because Christmas is coming, all of the events will be connected with Christmas. So you can come to Frýda on 6th, 13th or 20th December to enjoy the holiday atmosphere. If you wish to know more about this shopping centre see web page: www.ocfryda.cz.

See you in Frýda!

My Favourite Football Club- FC Chelsea

Chelsea is one of the best known football clubs playing the Premiere League. The football club is located in Fulham which is one of the London's biggest suburbs. Chelsea was founded in 1905 and won a lot of cups including four league cups, UEFA Champion's league cup and many others since then. Chelsea's home stadium is Stamford Bridge with the capacity of 41, 837 seats. It is important to stress that Chelsea has the largest attendance in the Premier League with about 41,462 visiting every match.

The club owner is Russian billionaire Roman Abramovich who has bought the football club in 2003. Another important person in the club is manager Jose Murino who spent a considerable part of his carrier in Chelsea, except the years 2010- 2013 when he was connected with another world's famous club Real Madrid. The most important players connected with Chelsea are Petr Čech who is their goalkeeper, and players like Cesc Fabregas, Ramires, Didier Drogba and many others. These are the players which one cannot imagine the football club without.

Chelsea's colours are black and white and its symbol is a blue lion. The football club is also known due to its anthem "Blue is the colour" which is popular not only among the Chelsea's fans but among the football fans from all over the world. Because our editing team loves the song as well, we decided to add the Czech translation. We hope you will enjoy it as much as we enjoyed translating it.

Merry Christmas

The advent has already started and we light the first candle on our advent wreaths which means that Christmas is coming. The tradition of advent dates back to the 19th century. Since that time people from all over the world have advent calendars with numbers from 1 to 24 on it. These doors hide small pieces of chocolate inside the calendar. They are opened every day since the 1st of December until Christmas.

Christmas is celebrated differently in the UK and the USA the emphasis is not placed on the Christmas Eve, which we celebrate on 24th December, but the most important day is Christmas Day which is celebrated on 25th December. For children, the most important night is considered to be the one from 24th to 25th December. This night children usually hang their stockings and they also prepare cookies and milk for Santa who is going to bring them presents and put them under the Christmas tree. But not all children always get presents as Santa gives presents only to those kids who were good through the whole year. Santa keeps two lists, one is for good kids and the other is for those who were naughty. On the Christmas Eve he puts all of the toys into his sleigh which is pulled by his 9 reindeers: Comet, Dasher, Prancer, Vixen, Cupid, Donner and Rudolph. The best known reindeer is Rudolph who has got red nose.

In the morning children wake up early to look through the stockings and also the presents which are under the Christmas tree. Not only children but also adults are enjoying the presents they got. In the evening all people have traditional Christmas dinner which usually consists of traditional turkey and Christmas pudding. During the dinner a lot of people are watching the traditional Queen's Speech. Others Christmas traditions that originate in the UK include kissing under mistletoe and carol singing. Singing carols is inseparable part of the Christmas celebrations not only in the UK and the USA but in the whole world.

The singing originates in medieval times when singers were going from castle to castles singing carols and that is also why they were called carollers. One of the Englishmen who made Christmas carols very popular was Charles Dickens. In one of his best known works called "Christmas Carol", he wrote about Ebenezer Scrooge, a very mean and bad man. He became a better person after he was visited by three ghosts of Christmas. Since that time he became good and kind man. This story is the most broadcasted TV programme every Christmas. Millions of people are watching it during Christmas and hopefully they are aware of its message that people should be kind and good to each other.

CHRISTMAS COMPETITION!!! Bring us the results of the Christmas crossword (leave it in Mrs. Filipcová's office) or write us about how you celebrated Christmas and what you found under the Christmas tree. The winners will get great prizes!!! And of course the best article will be printed in the next part of our magazine. Do not miss the opportunity!!!!

"Christmas and Birthday"

Once upon a time there was one woman called Julia. She was walking through the city and suddenly she saw Baby Jesus. She started to talk to him and she said: "Pease bring me a mobile phone" for Christmas. After that she came home where her children had a surprise for her. Because it was Christmas day and Julia had birthday as well, the children prepared the dinner and they also had a present for her. When she looked under the Christmas tree she saw a present for her. It was the mobile phone from Baby Jesus.

"Santa Claus Really Exists"

Once upon a time there was one boy called John. It was one day before Christmas and John's mum asked him a question: "Were you good for the whole year?" Little Johnny started to cry because he knew he wasn't always good. He then run to his room and said: "I know that Santa Claus doesn't exist anyway"! At the same time there was a Christmas movie running on TV and Santa Claus who was watching everybody through the TV screen said: Oh no! This boy doesn't believe in me, I have to give him some sign that I exist. That is also why Santa decided to turn everything in Johnny's room to ice. After John's mum came to his room she was very angry and made little Johnny tidy his room. Johnny couldn't even imagine how it happened. After he cleaned his room he went to his bed and fell asleep. When he woke up in the morning he wasn't in his room any more, he was now in a nice room full of toys and some strange little person was staring at him.

"Hi Johnny" said this creature, "Santa is already waiting for you". Johnny didn't understand what was happening but he woke up and went to see Santa. Santa was sitting in his chair looking sternly at the boy.

"So you don't believe in me?" He said. "That is why now you have to make 5000 toys as a punishment. You can't go home until you have finished your task." Johnny said: "But tomorrow is Christmas and I can't finish until tomorrow!" "But you have to" said Santa and then disappeared. Johnny was making the toys the whole night but he made only a few toys.

He started to cry because he already knew he wouldn't be home for Christmas. But suddenly he woke up; he was at home in his bed and it was Christmas morning. He went to the living room and under the Christmas tree there were a lot of presents. He wrapped all of his presents. He was very surprised when he found out that these presents were the presents that he made last night. He got new bike, play station, dog and many other things. He was very happy and he said: "Santa, now I believe in you!" At the same time Santa Claus on the North Pole was very happy and he said: "Merry Christmas Johnny, Merry Christmas to you!"

Dogs, human's best friends

Hundred kinds of dogs:

It's said that all of the dogs come from the wolf.

But it's also said that a puppy is the cutest pet in the world. Dogs can be found all over the world and they have long or short fur. There are many dog breeds, for example the most popular dog breeds in America are Dobermans, in England it's Cocker Spaniel and in Africa it's Rhodesian Ridgeback ☺.

Dog's history:

All dog breeds have a different history. I have a dog (Rhodesian ridgeback) this dog breed used to kill lions in Africa. American Boxer was originally a military dog breed which was trained to be in the army and help humans... Every dog has its history but they all love humans, they are our real friends ☺

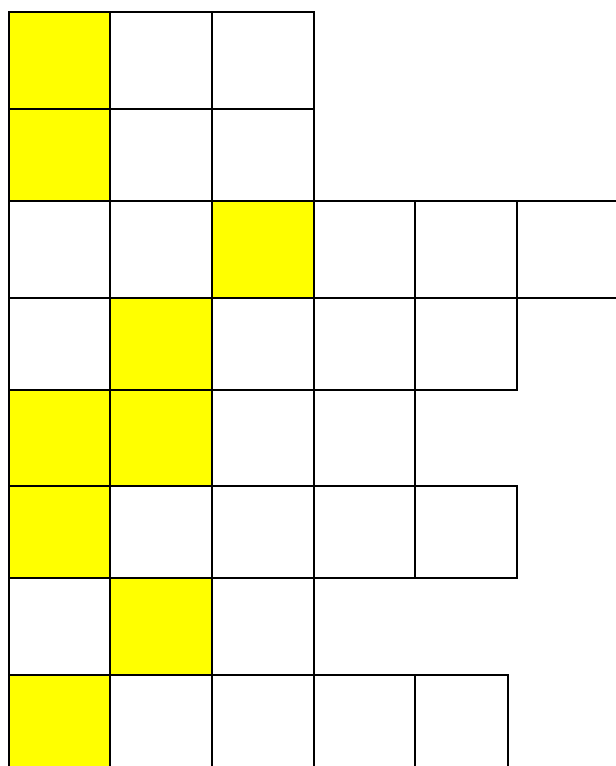

Dogs are our best friends!!!
